SHIPPED SEMEN PROCEDURES

1. **The booking fee, stallion fee, and shipped semen fees must be paid prior to shipment.** Shipping Fees: First Shipment \$150.00 (Fed Ex, UPS, etc.); Additional Shipments: \$250.00 (Fed Ex, UPS, etc.). The Shipping Fee includes normal shipping charges, using Fed Ex or UPS Priority Overnight Service.. Shipments picked up at the ranch will be \$100.00 each.
2. **All shipped semen requests must be made by 9:00 AM CST.** Requests made after 9:00 AM CST may be filled if there is semen available and the day's shipments have not been picked up by Fed Ex. But don't count on it. Shipped semen requests are handled on a first-come first-served basis so please make every effort to order the day before. Please verify shipping address each time an order is placed.
3. **Please call ahead before actually ordering semen.** If possible, have your veterinarian contact Cindy Baltezure two days prior to needing semen. This will help us anticipate the need for semen. It is better to place a tentative order and cancel than to order too late.
4. **Cancellations must be made by 10:00 AM CST, otherwise shipping fee will have to be charged.** Make sure your veterinarian is aware of the cutoff times.
5. **Semen may only be requested for regularly scheduled collection days;** Usually M,W,F. Contact Cindy Baltezure to find out the collection days prior to ordering semen.
6. **Lincoln Stables reserves the right to approve all locations where semen will be shipped.**
7. **A shipped semen contract does not guarantee that semen will be available on the day requested or that more than one dose will be shipped.** We will ship two doses of semen if it is available. Mares at Breeders Ranch have a breeding priority.
8. **Please call us immediately if you feel there are problems with the semen or that the shipping container has been tampered with.** Even though we make every attempt to get cooled semen to your mare in good condition, we will make no guarantees or warranties that the semen will be in good condition upon arrival.
9. **The shipping container must be returned immediately at Mare Owner's cost.** We may request that you return the shipping container via Priority or Express Mail. Make sure your veterinarian is aware that the shipping container and all parts need to be returned immediately or you will be billed for missing or damaged parts or the whole shipping container. **Disposable shipping containers do not need to be returned but will be billed to the mare owner.**
10. Please **follow the instructions on the paperwork, make sure the breeding dates are filled in, and mail the proper copy to the breed association of your mare.** Breed association paperwork is sent in the shipping container and must be signed and returned. It may be returned with the shipping container by placing it in the plastic baggie, or it may be mailed separately. Make sure your veterinarian is aware of the paperwork requirements.
11. **Please let us know if your mare gets pregnant from this shipment.**
